## About Lotterywest

We exist to help make an already great state, greater.

Every day Lotterywest gives Western Australians a chance to dream by playing a range of lottery games. As well as selling our games and handing out millions of prizes to winners, we are unique in Australia as the only lottery to directly support the community through our grants.

Every time you play Lotterywest games, you help support thousands of grants for not-for-profit organisations and local government authorities, as well as health, sports and arts sectors through our statutory funding.

Lotterywest has proudly supported the community for over 85 years and remains committed to our vision to build a better Western Australia together.

# Play Responsibly

Lotterywest encourages you to play responsibly at all times. Our primary purpose is to support the WA community from the funds we raise through our lottery.

We care about our players and the broader community. No one benefits when players experience problems with gambling - that's why we have a commitment to prevent it.

We've achieved accreditation under the World Lottery Association's Responsible Gambling Standards and continue to provide players with information encouraging responsible play.

In partnership with our stores, we aim to offer the highest standards of service and information to play responsibly.

## Problem gambling warning signs

There are a number of signs that may indicate you or someone you know has or may be developing a problem with gambling.

### Consider in the last 12 months:

1. Have you bet or spent more on lottery products than you could really afford to lose?
2. Have you needed to gamble with larger amounts of money to be able to get the same feeling of excitement?
3. After gambling, did you go back on another day to try and win back the money you lost?
4. Have you borrowed money or sold anything to gamble?
5. Have you felt you might have a problem with gambling?
6. Have people criticised your betting or told you that you have a problem with gambling, regardless of whether or not you thought it was true?
7. Have you felt guilty about the way you gamble or what happens when you gamble?
8. Has your gambling caused you any health problems, including stress or anxiety?
9. Has your gambling caused any financial problems for you or your household?

If the answer is yes to any of the above questions, it may be time to seek help. Another option is to complete an online anonymous self-assessment questionnaire which you can access on our website.

## What can you do about it?

There are some things that you can do to try and reduce your spending or stop gambling.

### **You can:**

- Set a weekly budget, and stick to it.
- Keep records of all your winnings and your losses.
- Avoid going to places where you have gambled in the past and don't feel in control.
- Find out if the venue has a self-banning procedure and ask to be banned from gambling (self-exclusion). This usually applies to the Casino or to a TAB outlet.
- Through your Lotterywest membership you can update your account settings to select a period of time for self-exclusion from online play, plus you can set online weekly spending limits.
- Substitute the time you would have spent gambling with extra family time, sport or activities with friends.
